 Date Created: 06/28/2024

Dear Director Paragas,

The Philippine Atmospheric, Geophysical and Astronomical Services Administration (PAGASA), an attached agency of the Department of Science and Technology (DOST), is going to conduct an online **La Niña Forum for Northern Luzon on July 9, 2024 (8:30 AM – 12:00 NN)**, through the Climate Monitoring and Prediction Section (CLIMPS) of the Climatology and Agrometeorology Division (CAD) via zoom meeting platform.

This online forum is intended to make the participants understand the upcoming La Niña phenomenon and its influence on weather and climate and to give updates on its status with useful forecasts and information to aid in decision-making. This forum also recognizes the need for precise mitigation strategies, as well as managing climate risks, considering PAGASA's current forecast and its early warning capabilities.

This is being implemented as one of the priority programs of PAGASA with the support from the PAGASA Regional Services Divisions (PRSDs), Department of Interior and Local Government and the Regional Disaster Risk Reduction and Management Councils (RDRRMCs).

In this connection, may we request assistance from your good office in inviting prospective participants to the forum, including your counterparts at the provincial and municipal levels. Please refer to the attached tentative program for your information and reference.

Should you have any queries, please do not hesitate to contact Northern Luzon PAGASA Regional Services Division (NLPRSD) staff (phone number: 09663255672; email: nlprsd@pagasa.gov.ph).

Thank you very much.

Very truly yours,

SOCRATES F PAAT JR, MNSA, MSc
 Weather Services Chief, NLPRSD

July 03, 2024

SCHOOLS DIVISION SUPERINTENDENTS

For information, guidance and compliance.

BENJAMIN D. PARAGAS, PhD., CESO III
 Director IV/Regional Director
