

January 20, 2025

DR. BENJAMIN D. PARAGAS, CESO V
Regional Director
Department of Education Region 02

Director:

Warm greetings in the name of the Lord!

In line with our commitment towards the STEM community, the Senior High School STEM Strand Council of the University of St. Louis Tuguegarao is proud to announce the **STEMulated: 2nd REGIONAL STEM CONVENTION** which will be held on February 27-28, 2025, at the USL Main Campus in Tuguegarao City.

The event carries the theme "**STEMulated: Think, Create, Evolve.**" and aims to inspire and engage Grade 10 and Senior High School (SHS) students from both public and private schools across the Cagayan Valley Region. The convention will offer students a unique opportunity to deepen their understanding and appreciation of Science, Technology, Engineering, and Mathematics (STEM), enhance their creativity and critical thinking skills, and connect with their peers and experts in the field.

We believe that the participation of public schools in Region 2 will significantly contribute to the success of this event, providing an avenue for students to showcase their talents, innovative ideas, and STEM-related projects. Additionally, this convention will serve as a platform for students to exchange knowledge, gain exposure to real-world STEM applications, and develop skills that are essential for their future academic and career endeavors.

In this regard, we kindly seek the Department's support and endorsement for the participation of public schools in the event. We are confident that your endorsement will encourage more students to take part and make this year's STEM Convention a resounding success.

To facilitate any inquiries or provide additional information, please contact our STEM NH Council Advisers, Mr. **Mark Noel John Calagui** via mobile at **09610736973** or through email at

Your affirmative response to this humble invitation would be highly appreciated. We extend our sincere gratitude for considering our request.

Respectfully yours,

VINCE MATTHEW A. AREVALO
STEM Council Governor
