Dear Mr. Paragas:

Greetings of peace!

1PhysEd.Ph is a professional training and development service provider with DTI registration number 1921721, BIR registration number 276-646-795-0000, and PRC Accreditation Number PTR 2021-344. We are geared towards honing, inspiring, and innovating morally upright physical education teachers to be equipped with the necessary, up-to-date, and relevant competencies to deliver world-class programs.

During the 2024 National Physical Education Convention, we invited Dr. Lordinio A. Vergara, the Physical Education Matatag Curriculum Consultant, and other key persons in the creation and design of the 2024 PE curriculum. The participants were allowed to learn practical insights and strategies for its effective implementation.

As part of our commitment to provide relevant and meaningful opportunities, we will organize the **2025 International Physical Education Convention** with the theme, "*Championing Change: High-Impact PE, Health, Sports, Dance, and Research for Global Excellence*." This event will take place on May 14-16, 2025, at the University of San Jose-Recoletos (USJ-R) in Cebu City, Cebu. This exciting gathering is proudly co-organized by 1PhysEd.Ph, USJR, and Cebu Normal University (CNU).

The convention aims to bring together educators, administrators, researchers, and scholars from various fields of physical education, health, recreation, sports, dance, and fitness. The 2025 IPEC provides a unique opportunity to share knowledge, experience new sports, and connect and build networks with fellow educators and experts. A day will be allocated for a workshop training of the new K-10 DepEd Matatag Physical Education and Health Curriculum, Senior High School Health Optimizing Physical Education (H.O.P.E.) Curriculum, Special Program for Sports, and Tertiary Service PE Physical Activity Towards Fitness and Health (PATHFIT). This will help physical educators better understand the importance of their role in promoting and encouraging the next generation to participate in physical education. In addition, 1PhysEd.Ph will introduce non-mainstream sports to the convention, providing teachers with the opportunity to enhance their coaching abilities and offer students more options for sports engagement.

Our international partners will also share their insights on cutting-edge topics in the field of physical education. These sessions will provide invaluable learning experiences that will enrich professional knowledge and inspire innovative teaching strategies. These sessions will allow participants to gain a deeper understanding of global trends and best practices in physical education and empower them to elevate their teaching to new heights.

Furthermore, on its third day, the 2025 IPEC will also offer certifications for sports like Floorball, Outdoor Adventure, and Jump Rope. This is a fantastic opportunity to learn new skills and add to the teacher's professional qualifications. Participating in these certification programs can enhance their expertise and broaden their skill set, making them a more well-rounded and effective physical educator.

In light of this, may we humbly request from your office the issuance of an advisory that will inform the field of the activity to help achieve our goals for our PEH teachers?

Thank you, and we look forward to receiving your favorable response.

Yours truly,

Ms. Venzus Joan H. Eclarinal
Secretary General
