Sir:

Greetings in the name of service!

The Department of Science and Technology (DOST) Region 02 helps the education especially in Science, Technology, Engineering, the Arts and Mathematics (STEAM) through Science and Technology Academic Research-Based Openly Operated Kiosk (STARBOOKS)—the first digital science and technology library in a box. Designed for accessibility and convenience, it offers a multi-access, stand-alone, and transportable system with free access to valuable resources.

In line with our commitment to promoting science and technology education, we propose to upgrade existing STARBOOKS units in previously supported schools and expand the installation to other schools in Nueva Vizcaya province. This digital library brings science and technology resources to remote schools and indigenous communities with limited access to books or the internet, bridging educational gaps and boosting scientific curiosity.

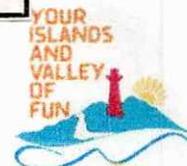

We look forward to the opportunity to collaborate on this initiative. Should you have any questions or require further discussions, please feel free to contact, **Ms. Rowena A. Guzman** at mobile number 09164933591 or email us at records@ro2.dost.gov.ph

Attached here are the computer requirements of STARBOOKS for your reference and guidance.

Very truly yours,

[Signature]
VIRGINIA G. BILGERA
 Regional Director
