**RE: GBF STEM Collab Webinar on Effective Math and Science Learning Resources
on May 31 and June 7, 2025**

Dear Director Paragas:

Greetings from Gokongwei Brothers Foundation (GBF)!

GBF has dedicated itself to contributing to the country's progress by providing quality education to its future workforce, particularly in the fields of Science, Technology, Engineering, and Mathematics (STEM). One of its programs for teachers is GBF STEM Collab, a dynamic community of STEM educators enhancing their knowledge and skills through learning sessions, community engagement, and peer learning. It offers a capacity-building program that provides free, bite-sized, and PPST-aligned webinars.

In preparation for School Year 2025-2026, we are excited to share about the **GBF STEM Collab Webinar Series on Effective Math & Science Learning Resources (LRs)**. These free learning sessions are designed to equip Math and Science Educators with instructional and visual design principles needed to create Math and Science materials with ease. The webinars will be at **8:00 AM** and **1:00 PM** on **May 31** and **June 7, 2025**, via **MS Teams**. This is PRC-accredited and will allow participants with valid output to gain up to 5 CPD units for free.
