BENJAMIN G. PARAGAS
Regional Director
Department of Education
Tuguegarao City, Cagayan

Dear Director Paragas:

Greetings from the Asia Pacific Research Association on Curriculum Studies, Inc. (APRACSI)!

APRACSI will be holding the Asia Pacific Conference on Curriculum Studies and Instructional Design (APCCSID) 2025, which will take place from **September 26 to 28, 2025**, in a hybrid format via Zoom and onsite at the Crowne Plaza Hotel Galleria, Quezon City, Philippines.

This international academic event is organized by the Asia Pacific Research Association on Curriculum Studies, Inc. (APRACSI), in partnership with the Curriculum Studies Association of the Philippines, Inc. (CSAPI) and the University of the Philippines College of Education.

In recognition of your commitment to advancing educational development, we are delighted to extend an **exclusive invitation for complimentary (FREE) onsite (face to face) attendance to the conference**. This invitation includes meals throughout the three-day event. To confirm your attendance, please register via this exclusive access form.

The conference, with the theme "*Curriculum Studies and the VUCAD² World: Perspectives from the Asia Pacific Region*", will highlight the impact and influence of the VUCAD² World on major processes in Curriculum Studies. It is designed to underscore the importance of understanding how the changing cultural, social, economic, political, and security landscapes of the current world influence curriculum designing for relevant and responsive educational programs; curriculum implementation toward effective learning, and curriculum evaluation toward informed delivery.

We are honored to welcome **Dr. Murray Print** from the University of Sydney, Australia as our keynote speaker. The conference will feature plenary talks, panel discussions, and research presentations across the following strands:

- Conceptions of the VUCAD² World
- Implications for Curriculum Planning Across Disciplines and Educational Levels
- Curriculum Implementation: Translation and Delivery in a VUCAD² Context
- Curriculum and Instructional Evaluation
- Curriculum Innovations for a VUCAD² World
- Instructional Innovations to Address VUCAD² Challenges

Additionally, we encourage you to invite teachers, administrators, and colleagues from **DepEd-Region II**. A special discounted rate of **PHP 7,500 for face-to-face attendance** and **PHP 3,000 for online participation** is available for groups of **at least 10 APRACSI members**. To take advantage of this offer, please complete registration by **August 31, 2025**, and settle payment by **September 15, 2025**. The registration link for this group offer is available at: <https://bit.ly/APCCSID2025-GroupReg>

We also warmly encourage you, interested colleagues, and graduate students to attend and submit your research abstracts under any of these strands. The deadline for the **second call for papers** is **August 31, 2025**. Abstracts may be submitted via email at program@apccsid.org or through the online registration

8th
APCCSID

portal at <http://bit.ly/APCCSID2025Registration>. To become a member of APRACSI, please sign up using this form: <http://bit.ly/APRACSIMembership>.

For further inquiries, feel free to contact us at registration@apraksi.org or apraksi.ph@gmail.com. Stay updated by following our official Facebook page: [facebook.com APRACSI](https://www.facebook.com/APRACSI) or the conference website at <https://www.apccsid.org/>

We look forward to your valuable participation and contribution to this important conference.

Warm regards,

Amelita C. Fajardo, PhD
Conference Chair,
APCCSID 2025

Dear Mx. Paragas,

Greetings!

The UPLB Statistical Society (UPLB STATS) is a duly recognized academic organization in the University of the Philippines Los Baños. Since 1980, the organization has devoted itself to its goals of advancing and promoting proper application of statistics in all fields of learning endeavors. In recognition of its outstanding efforts and dedication to the conduct of various statistical advocacy activities for the youth, UPLB STATS was recently recognized in the 34th National Statistics Month Awards as the Best Youth Advocate for Statistics.

One of the many activities conducted by UPLB STATS is **ESTADISTIKA**, an annual invitational statistics quiz, essay writing, and poster-making contest, which is participated in by high school students. The 19th edition of ESTADISTIKA reached great heights, as the contest was once again held Luzon-wide. Reaching 20 remarkable years, the event has continued to maintain its objective of instilling the significance of statistics among high school students, introducing the proper application of statistics in various disciplines, stimulating interest in statistics, and promoting intellectual growth among its participants.

In its 20th year, high school students Luzon-wide are invited to participate in ESTADISTIKA 2026. With the theme, "**ESTAnaw: Ang Sining ng Pagbabago ng Wifia aE KulEura sa MaEa ng DaEos**", ESTADISTIKA 2026 will be held at the University of the Philippines Los Baños, on 14 March 2026 (Saturday) from 7:00 AM to 6:00 PM. The registration period will run from January 5, 2026 until February 6, 2026.

Over the past editions of ESTADISTIKA, UPLB STATS fully acknowledges the partnership that was built with the Department of Education in the endorsement of this activity. We extend our sincere appreciation for the invaluable assistance and support from DepEd, which has been instrumental in the success of ESTADISTIKA.

QUIZ CONTEST

I. QUALIFICATIONS AND REQUIREMENTS

All bonafide **Grade 7 to 12 students** enrolled during the current term may join this contest. The registration for the contest will be administered online using Google Forms. Upon registration, student participants will be required to submit a digital copy of their **student ID** or any **proof of enrollment** for the current term and the **signed agreement form**. The coach must also provide a digital copy of their employee ID. Both the coach and student participants are required to submit a digital copy of their ID picture with their name printed below. If the employee ID is unavailable, the coach must submit an **alternative valid ID** along with a **certification of employment signed by the school principal**.

Each participating school can send **at most two (2) teams** and each participating team should be composed of **three (3) members**. A team may be composed of members who are of the same grade level or different grade levels.

All participating teams are required to pay a non-refundable **registration fee of 1,200 Pesos** on the actual date of the competition. The registration fee includes an event kit for the student participants.

II. CONFIRMATION OF PARTICIPANTS

To confirm the school's participation in ESTADISTIKA 2026, the coach must accomplish the entry form and have them signed by the school principal or administrator. The entry forms shall also be submitted during online registration. The UPLB Statistical Society will confirm receipt of entry forms via email.

III. COVERAGE

All questions that will be asked during ESTADISTIKA 2026 Quiz Contest will be taken from Probability and Basic Statistics, applications of the said area, and statistics related trivia questions based on the theme and ESTADISTIKA.

IV. ROUNDS

ELIMINATION ROUND

The **ELIMINATION ROUND** shall be held off-stage and shall take the form of a **written exam**. All questions for this round shall be of **multiple-choice type**. The exam competition shall last exactly for **one (1) hour**. **Each contestant** from all the participants **shall answer the exam individually**. The letter of the answer should be written in CAPITAL letters.

ESTADISTIKA 2026

AN ANNUAL INVITATIONAL STATISTICS QUIZ, ESSAY WRITING, AND POSTER MAKING CONTESTS

UPLB STATISTICAL SOCIETY

3rd floor, Physical Sciences Building
University of the Philippines Los Baños

uplbstatisticalsociety@gmail.com
estadistikastate@gmail.com

Participating students are requested to bring their **own scientific calculator**. **Programmable calculators are not allowed**. For calculators, only the ones listed below are allowed to be used by the contestants. On the day of the contest, the contestants will be required to surrender and register their calculators which will be checked by the members of the Technicals Committee.

Answer sheets will be provided. Participants are not allowed to bring scratch papers. However, the exam questionnaires can be used as scratch paper.

Any form of cheating is not allowed. Team(s) with member(s) caught cheating shall automatically be disqualified.

Contestants who arrive late may take the exam, but no time extension will be given.

MANNER OF SCORING AND CORRECTION

Each question item shall merit **2 points**. Each contestant shall have an individual score. The score of each team member will be added to get the overall team score.

The **fifteen (15) teams** in the ELIMINATION ROUND with the highest team score **shall qualify for the EXHIBITION ROUND**.

Qualifying teams shall be announced at the start of the EXHIBITION ROUND.

In case of a tie for the fifteenth (15th) place, all teams vying for that place will automatically qualify for the EXHIBITION ROUND.

In the case of a tie for the top-scoring individual, a tiebreaker shall be held before the Exhibition Round. Coaches will be informed immediately, and another written exam shall be done until the tie is broken.

EXHIBITION ROUND

The **EXHIBITION ROUND** shall be held off-stage and shall be a **quiz-bee type** of competition. Each team will start with **zero points**. Proctors will check the **scientific calculator** of each of the team members before the start of this round.

GENERAL MECHANICS

The competition will be divided into three (3) phases: **Easy**, **Average**, and **Difficult** Phases. There will be **twenty-five (25)** questions in this round. The table below shows the **number of questions** per round.

| ROUND | OPERATIONAL | TRIVIA | TOTAL |
|--------------|-------------|--------|-------|
| Easy | 7 | 3 | 10 |
| Average | 5 | 3 | 8 |
| Difficult | 4 | 3 | 7 |
| Total | 16 | 9 | 25 |

ESTADISTIKA 2026

AN ANNUAL INVITATIONAL STATISTICS QUIZ, ESSAY WRITING, AND POSTER MAKING CONTESTS

 UPLB STATISTICAL SOCIETY

 3rd floor, Physical Sciences Building
University of the Philippines Los Baños

 uplbstatisticalsociety@gmail.com
estadistikastats@gmail.com

A trivia question will be asked **after the first question, after the middle question (after the 4th question in the easy phase, after the 3rd question in the average phase, and after the 2nd question in the difficult phase), and after the last question** in the three phases. Only the team(s) who answer(s) **correctly** in the operational question before the exhibition trivia question can answer an exhibition trivia question.

Questions in any given phase may be of **objective or free response type**.

The time allotted for each question will vary according to the difficulty of the question. For the easy round, the contestants will be **given ten (10) seconds** to answer each question. **Thirty (30) seconds** will be allotted for the average questions and **sixty (60) to ninety (90) seconds** will be allotted for the difficult questions.

Each question shall be **read twice**. The timer will start after the second reading of the question. Teams are only allowed to start writing their answer or solution **after the first reading of the question**.

Each team **will have a designated proctor** responsible for distributing answer sheets and scratch papers, as well as collecting answer sheets after the time limit for each question.

Answers in the computational form are not allowed (e.g. 3! should be written as 6). Final answers in **fractional form** should be expressed in the **lowest term**.

Intermediate values should not be rounded off. Failure to do so will render a wrong answer.

The table below shows the scoring system for the three phases of the exhibition round.

| EASY PHASE | | | |
|--------------------------------|---------|-------|-----------|
| QUESTIONS | ANSWER | | |
| | Correct | Wrong | No Answer |
| Operational (7 items) | 5 | -1 | 0 |
| Exhibition Trivia (3 items) | 5 | -2 | -1 |
| AVERAGE PHASE | | | |
| QUESTIONS | ANSWER | | |
| | Correct | Wrong | No Answer |
| Operational (5 items) | 7 | -3 | -2 |
| Exhibition Trivia (3 items) | 5 | -2 | -1 |
| DIFFICULT PHASE | | | |
| QUESTIONS | ANSWER | | |
| | Correct | Wrong | No Answer |
| Operational (4 items) | 10 | -6 | -3 |

ESTADISTIKA 2026

AN ANNUAL INVITATIONAL STATISTICS QUIZ, ESSAY WRITING, AND POSTER MAKING CONTESTS

UPLB STATISTICAL SOCIETY

3rd floor, Physical Sciences Building
University of the Philippines Los Baños

uplbstatisticalsociety@gmail.com
estadistikastats@gmail.com

| | | | |
|--------------------------------|---|----|----|
| Exhibition Trivia (3 items) | 5 | -2 | -1 |
|--------------------------------|---|----|----|

In between phases, there will be a **ten-minute lull to update the scores**. At the end of the round, the cumulative score of each team will be computed.

The **top four (4) teams** in the EXHIBITION ROUND based on their cumulative team scores during the Easy, Average, and Difficult Phases shall qualify for the FINAL ROUND. Qualifying teams shall be announced before the start of the Final Round.

In case of a tie for the Fourth (4th) place, a tiebreaker question will immediately ensue and will be "**sudden death**" in nature.

The first team to gain a positive advantage in scoring over the others will be declared the victor of the tie and will qualify for the Final Round.

FINAL ROUND

The **FINAL ROUND** will be held on stage and will consist of a **board-based problem-solving** competition. The top scorer will face off against the 4th-place scorer, while the 2nd-place scorer will compete against the 3rd-place scorer. **Pairings are determined based on the scores from the exhibition round.**

Each pair of teams will compete in separate matches, with the outcome of each match determining which teams advance to the final match. The **first pair to compete on stage will be the Top Scorer and 4th top scorer, followed by the 2nd and 3rd top scorers.**

All qualifying teams will write their solutions on a board visible to the live audience. Solutions must be presented clearly, completely, and in an orderly manner. Incomplete or incorrect solutions will be marked as wrong. Teams are also required to **box their final answer**.

Teams will have a maximum of **30 to 90 seconds per question, depending on the complexity of the problem.**

Teams may only begin writing on the board **after the first reading of the problem**. Failure to follow this rule will disqualify the team from answering the question. **The timer starts after the second reading.**

Once the allotted time is over, Teams must immediately stop writing and display their final answer. Failure to do so will disqualify the answer.

Answers in computational form (e.g. "3!") Should be written as "6") **are not allowed**. Final answers in **fractional form** must be expressed in the **lowest terms**. **Intermediate values should not be rounded off**. Failure to do so will render a wrong answer.

ESTADISTIKA 2026

AN ANNUAL INVITATIONAL STATISTICS QUIZ, ESSAY WRITING, AND POSTER MAKING CONTESTS

UPLB STATISTICAL SOCIETY

3rd floor, Physical Sciences Building
University of the Philippines Los Baños

uplbstatisticalsociety@gmail.com
estadistikastats@gmail.com

COMPETITION RULES

Each match will proceed with a new question, following one of the scenarios outlined below:

Case 1: Both teams answer correctly. A new question will be given until only one team answers correctly.

Case 2: Both teams answer incorrectly. A new question will be given until only one team answers correctly.

Case 3: One team answer correctly. The team with the correct answer will proceed to the final match, while the team that answered incorrectly will enter the battle for third place.

BATTLE FOR THIRD PLACE

The remaining teams will compete for third place following the same procedure: a new question will be given, and the first team to answer correctly will secure third place.

FINAL MATCH

The winners of the initial pairings will advance to the final match, where the first team to answer correctly will be declared the **Grand Champion**. The losing team will earn **2nd place**.

PROTEST MECHANICS

Only members of the team or their coach/adviser can raise a protest to be forwarded to the Board of Judges.

During the protest, the participant has the privilege of consulting any reference, provided they are relevant to the subject of the protest.

Protests regarding a particular question will be tackled only before the next question is read. No complaints on a previous question shall be entertained once the quizmaster starts reading the next question.

The decision of the Board of Judges is final and irrevocable.

ESSAY WRITING CONTEST

I. QUALIFICATIONS AND REQUIREMENTS

All bonafide **Grade 7 to 12 students** enrolled during the current term may join this contest. The registration for the contest will be administered online using Google Forms. Upon registration, student participants will be required to submit a digital copy of their **student ID** or any **proof of enrollment** for the current term and the **signed agreement form**. The coach must also provide a digital copy of their **employee ID**. Both the coach and student participants are required to submit a digital copy of their ID picture with their name printed below. If the employee ID is unavailable, the coach must submit an **alternative valid ID** along with a **certification of employment signed by the school principal**.

Each school may send **at most two (2) individual entries** in the contest. The participant should not be joining any other event in ESTADISTIKA 2026. **A non-refundable registration fee of 550 pesos** shall be paid on the day of the contest. The registration fee includes an event kit for the participants.

II. MATERIALS

Writing materials will be provided on the contest proper. Other unnecessary materials such as books, newspapers, journals, gadgets, and the like are not allowed during the contest. Failure to follow this will cause disqualification.

III. GENERAL GUIDELINES

Originality of work must always be observed. **Plagiarism can be a subject of the contestant's disqualification.**

Essays must be written exclusively in Tagalog. The use of other languages or dialects such as Cebuano, Ilocano, or English is not allowed and may result in disqualification.

Biases and individual opinions are expected from the contestants. However, discretion will only be allowed as long as it is in the proper context.

The contestant's name must NOT be written anywhere on the paper. Numbers will be assigned to each contestant, which will be written in the **upper left-hand corner** of the paper.

Maintain readable handwriting. Essays should be written on only one side of the paper. The contestants may use extra sheets if needed. The maximum length of each entry **should be 500 words (excluding articles, references, and digits)**. The word count should be indicated by the contestant in the upper right-hand corner of the paper.

Participants will be given 2 hours to conceptualize and finish their essays.

Each school may send **at most two (2) individual entries** in the contest. The participant should not be joining any other event in ESTADISTIKA 2026. **A non-refundable registration fee of 550 pesos** shall be given on the day of the contest. The registration fee includes an event kit for the student participants.

II. MATERIALS

Participating teams are required to **bring any variety of their desired medium of black, white and three other choices of colors** to be used in this event.

UPLB Statistical Society shall provide the contestants with boards which will be used for their posters.

Other unnecessary materials such as books, newspapers, journals, gadgets, and the like are not allowed during the contest. Failure to follow this will cause disqualification.

III. GENERAL GUIDELINES

Before the contest starts, participants will be asked to **surrender coloring materials other than black, white, and their chosen three colors**.

Participants will be given **two (2) hours** to conceptualize and finish their posters. After which the finished posters will be **displayed in an exhibit for evaluation**.

The topic, exclusively for the poster-making contest, will be given during the contest proper. However, the topic is expected to be related to the theme of ESTADISTIKA 2026.

All submitted entries will be returned to the participants after the awarding ceremony.
