The **World International Mathematical Olympiad (WIMO)** is a prestigious global mathematics competition that brings together the world's top-performing math students. It provides an intensive and enriching experience for elite learners and is recognized as one of the most distinguished international mathematics competitions. Only Gold Award winners from the Thailand International Mathematical Olympiad (TIMO), Hong Kong International Mathematical Olympiad (HKIMO), and the Guangdong–Hong Kong–Macao Greater Bay Area Mathematical Olympiad (BBB) Finals—who must obtain two Gold Awards in both finals—are qualified to participate in WIMO. This makes WIMO a competition among the best young mathematicians worldwide.

In this regard, I am proud to inform you that **David III U. Padua**, my son, is a qualified participant for WIMO 2025. He is 15 years old, a Grade 10 student of St. Dominic Human Development Center, Inc. (SDHDCI) located in Soyung, Echague, Isabela, and a resident of San Fabian, Echague, Isabela. David earned two Gold Awards (online) from the TIMO and HKIMO Finals, which qualified him for WIMO. He is honored and excited to represent the Philippine Delegation, serving as Flag Bearer for this year's Battle of Gold.

The **WIMO 2025 competition will be held onsite in Shenzhen, China, from January 2–5, 2026, with no online participation option available.**

In this connection, we respectfully seek financial assistance or sponsorship to help cover his student travel and participation expenses amounting to **Php 85,700.00**. Attached herewith are the official invitation and event details for your reference.

Thank you very much for your kind consideration and generous support. More power.

Respectfully yours,

Johnna U. Padua
