Schools Division of Nueva Vizcaya

11 February 2026

DIVISION MEMORANDUM

No: 04, S. 2026

**GUIDELINES IN THE DEVELOPMENT AND IMPLEMENTATION OF
RESEARCH AND DEVELOPMENT PROJECTS**

To: Assistant Schools Division Superintendent
Chief Education program Supervisor (CID & SGOD)
Education Program Supervisors
Public Schools District Supervisors and District In-Charge
Public Elementary & Secondary School Heads
All Others Concerned

1. The Basic Education Development Plan (BEDP 2030), aligned to the Enhanced-School Improvement Plan (e-SIP), aims to improve and attain its Pillars, namely: Access, Quality, Equity and Well-being. It is evidence-based, results-based, and child or learner-centered and is the basis for the division's and school's Annual Improvement Plan/Work and Financial Plan.
2. The development of the DEDP and e-SIP requires innovative and systems thinking, and a mindset of a continuous improvement. Implementation of the projects from the DEDP and e-SIP shall involve the active participation of all education stakeholders in the school and community such as the school heads, teachers, parents, community leaders, and the learners themselves, among others.
3. To institutionalize the process in approving permit and acceptance of Research and Development Projects slated in the DEDP and e-SIP, proponents are advised to follow the guidelines set by the Division Office in accordance to **DepEd Order No. 44, s. 2015, DepEd Order No. 16, s. 2017, DepEd Order No.39, s. 2016 and DepEd Order No. 22, s. 2022.**
4. The Research and Development Project Guidelines, inclusive of the templates to be followed, are attached in the enclosures of this Memorandum.
5. For technical assistance and further inquiries, please visit SGOD-Planning & Research through Rommel S. de Gracia, SEPS – Planning and Research Section.
6. Immediate dissemination of and strict compliance with this Division Memorandum is directed.

ORLANDO E. MANUEL PhD, CESO V
Schools Division Superintendent

Inclosure: As stated

Enclosure 1 to DM No. 64, S. 2026. GUIDELINES IN THE DEVELOPMENT AND IMPLEMENTATION RESEARCH AND DEVELOPMENT PROJECTS

**GUIDELINES IN THE DEVELOPMENT AND IMPLEMENTATION OF
RESEARCH AND DEVELOPMENT PROJECTS**

I. Rationale

In accordance to the Governance of Basic Education Act of 2001 (Republic Act 9155), the Department of Education (DepEd) promotes shared governance through School-Based Management (SBM). Under this mandate, school heads are tasked to formulate the Enhanced-School Improvement Plan capturing the school improvement projects.

The Enhanced-School Improvement Plan (E-SIP) is a roadmap that lays down specific interventions that a school, with the help of the community and other stakeholders, will undertake within a period of three consecutive school years. It seeks to provide those involved in school planning an evidence-based, systematic approach with the point of view of the learner as the starting point. Ultimately, it envisions to help schools reach the goal of providing access to quality education.

In like manner, the schools are envisioned to be a better and effective vehicle for change with its goal to improve Access, Retention, Completion and Achievement (ARCA) for A²LL² (Advanced, Average, Least, Lost and Last) learners. In order for the E-SIP to be more functional, school improvement projects must be put into action.

Development projects maybe conceptualized along the different areas of education, namely, learners' development, teachers' development, physical plant development, instructional materials development, among others. Development Projects should be derived based on the processes of the E-SIP making which is the Assess-Plan-Act (APA) Phases. These projects should answer the root causes of a certain priority improvement area (PIA) (simple the problem). Also, development projects must be reflected in the E-SIP following the Annex 9 (Project Work Plan and Budget Matrix) and the Annual Implementation Plan (Annex 10) of DepEd Order No. 44, s. 2015.

A particular development project or school improvement project may be categorized as an **innovation** if it is a **newly-developed method, idea, and/or an innovative product** that addresses priority improvement area(s) of the School, District, Division or in the Department of Education in general. An illustrative example maybe the Project Online Travel Order Processing System (OTOPS), Development of Intervention Materials, Contextualized/Indigenized Instructional Materials, Development of an Innovative Teaching Strategies, Establishment of Schools and the like.

Republic of the Philippines
Department of Education

Region II – Cagayan Valley
Schools Division of Nueva Vizcaya

Another school improvement project which will be accredited in the Division office is the **Feasibility Study** which is a systematic evaluation of a proposed project's practicality, viability, and potential for success before it begins. It involves analyzing various factors such as financial, technical, market, and legal aspects to identify potential risks and determine if the project is worth pursuing. Examples of which are establishment, integration, separation and conversion of schools which requires feasibility study (DepEd Order No. 40, s. 2014).

Educational research in the Department of Education (DepEd) is driven by a **Basic Education Research Agenda**, established by DepEd Order No. 39, s. 2016, to guide evidence-based decision-making in areas like **Teaching and Learning, Child Protection, Human Resource Development, and Governance** and the cross-cutting themes such as **Gender and Development (GAD), Disaster Risk Reduction Management (DRRM) and Inclusive Education (IE)**. The department supports this through the Research Management Guidelines (DepEd Order No. 16, s. 2017) and the Basic Education Research Fund (BERF), which encourages teachers to conduct action research to improve teaching and learning processes.

Basic Education Research are categorized into **Basic and Applied. Basic Research** seeks to expand knowledge, and applied research, which aims to solve practical problems within the education system while, **Applied Research** aims to solve specific, practical problems in the education system a specific example is an **Action Research** which focuses on practical solutions to improve teaching and learning. It involves a cycle of identifying a problem, planning, collecting data, and implementing changes (DepEd Order No. 16, s. 2017).

II. Scope

These guidelines shall govern the entire process from the preparation of the proposal, implementation, completion and utilization and dissemination of Research and Development Projects.

The guidelines are applicable only to the following:

1. Basic and Applied Researches (Including Action Research); and,
2. Innovative Development Projects (Including Feasibility Studies).

III. Procedures

The table below outlines the process in the approval and acceptance of Research and Development Projects.

Activity	Persons Responsible/ Activity Details/ Interface
Preparation of Research and Development Projects	Proponent prepares the project proposal using the template in Enclosure 2, or 3 or 4.

Address: Quezon St., Don Domingo Maddela, Bayombong, Nueva Vizcaya, 3700

Activity	Persons Responsible/ Activity Details/ Interface												
Issuance of Permit to Conduct	The Planning and Research Section shall issue permit to conduct to the proposals adhering to the standards and shall be release in the Records Section upon approval of the SDRC Chairman and Adviser, ASDS and SDS respectively.												
Implementation and Monitoring	Research and Development proponents shall implement the project based on the timelines provided and, on the procedures, stipulated in the proposal. The SDRC through the Planning and Research Section shall conduct monitoring and evaluation of the project implementation.												
Submission of Completed R&D Project	Completed R&D projects shall be subjected to initial evaluation of the S/DRC before submitting/endorsing them to the Division Office. Evaluation shall focus on the completeness of the required documents as seen in Enclosures 2 or 3 or 4. The SDRC shall review the documents using the QCC.												
Issuance of Acceptance of the R&D Project	The SDRC shall issue Acceptance of R&D Project if and only if the project has complied the required standards as set in DepEd Order No. 16, s. 2025 and DepEd Order No. 44, s. 2015.												
Issuance of Certificate of Utilization and Dissemination	The R&D Project will be issued a certificate of the Utilization and Dissemination if it complies with the requirements on the following: <table><thead><tr><th>Basic Research</th><th>Action Research</th></tr></thead><tbody><tr><td>Utilization of Research Findings</td><td>Novelty of Intervention</td></tr><tr><td>Dissemination of Research Findings</td><td>Utilization of Research Findings</td></tr><tr><td>Partnership to Internal and External Linkages</td><td>Dissemination of Research Findings</td></tr><tr><td>Capacity to Address Problems</td><td>Partnership to Internal and External Linkages</td></tr><tr><td></td><td>Capacity to Address Problems</td></tr></tbody></table> <p>*NOTE: same document requirements for innovation and basic research</p> <p>Refer to DM No. 293, S. 2025 SUBMISSION OF RESEARCH UTILIZATION AND DISSEMINATION REPORTS for complete document-requirements.</p>	Basic Research	Action Research	Utilization of Research Findings	Novelty of Intervention	Dissemination of Research Findings	Utilization of Research Findings	Partnership to Internal and External Linkages	Dissemination of Research Findings	Capacity to Address Problems	Partnership to Internal and External Linkages		Capacity to Address Problems
Basic Research	Action Research												
Utilization of Research Findings	Novelty of Intervention												
Dissemination of Research Findings	Utilization of Research Findings												
Partnership to Internal and External Linkages	Dissemination of Research Findings

IV. Schools Division Research Committee (SDRC)

Pursuant to DO No. 16, s. 2017 titled "Research Management Guidelines", the Schools Division Research Committee (SDRC) will provide guidance on research directions, particularly in aligning such initiatives with the national and local Basic Education Research Agenda. The committee will spearhead the call for proposals, evaluation, approval, and grant of available funds for research proposals, partnerships, and dissemination of results.

The Schools Division Research Committee (SDRC) will assume the responsibilities of research management at the Schools Division level. The SDRC will have the roles and responsibilities:

1. Provide directions on research initiatives through the national and local Basic Education Research Agenda, and other identified priority research areas in the division.
2. Evaluate and approve research proposals and other related research initiatives from the schools and community learning centers (CLCs) to be funded under BERF.
3. Evaluate and approve research proposals and other related research initiatives within the Schools Division to be funded by other fund sources.
4. Forge partnerships with academic and research institutions, government agencies, and other DepEd offices on education research initiatives and projects.
5. Prepare and submit reports to the RRC on all research initiatives conducted in the division from all fund sources.
6. Resolve emerging issues on the management and conduct of research.
7. Ensure that all cost estimates fall under the existing accounting and auditing rules and regulations.
8. Endorse approved school level proposals to the Regional Office for confirmation and release of funds under BERF.

The SDRC Secretariat will deliver the following:

1. Organize, coordinate, and document meetings of the Committee.
2. Provide technical assistance to researchers on the conduct of their studies.
3. Aid SDRC members in recommending proposals for approval as per criteria and scoring template.
4. Liaise with academic and research institutions, government agencies, and other DepEd offices in the conduct of the research.
5. Conduct periodic monitoring on research initiatives in schools, and community learning centers (CLCS) within the division.
7. Prepare periodic report on accomplishments related to division research initiatives.
8. Prepare complete staff work in support of the Committee's functions as needed.

Department of Education

Region II – Cagayan Valley
Schools Division of Nueva Vizcaya

VI. Monitoring and Evaluation

The Schools Division Research Committee (SDRC) in coordination with the Technical Working Group (TWG) members will conduct monitoring of the Research and Development Projects in the schools, districts and division level. The SDRC-TWG will provide feedback and technical assistance to the R&D proponents.

Further, the SGOD-PAR with the SRDC-TWG will conduct annual review of the effectiveness and efficiency of the policy in achieving its objectives. Feedback and results if monitoring and evaluation will be reported during the Program Implementation Review (PIR).

VII. Effectivity

Immediate dissemination and compliance with this Division Order is directed.

FEASIBILITY STUDY TEMPLATE

A. FEASIBILITY STUDY AS A DEVELOPMENT PROJECT

I. INTRODUCTION

A. Legal Basis

B. Study Objective

This feasibility study will provide the decision-makers in the (Approving Office) with sufficient information as basis of the approval of the proposed (project/program) for implementation.

C. Internal and External Assessments

The study will deliver the following data:

1. An assessment of the relevance of the proposed project/program to address the problems identified in the social and economic sectors.
2. A detailed analysis of the technical, economic, financial, and institutional as well as the management, environmental and socio-cultural feasibility of the proposed project.
3. An analysis of the potential sustainability of the project.

II. PROJECT DESCRIPTION

A. Geographical, Economic and Socio-Cultural Profile of the Project site (May Include map and statistics for emphasis).

1. Projected Production/Target Beneficiaries.
2. Physical Facilities/Equipment.
3. Management and institutional Feasibility of the project (Manpower of human resources, organizational set-up or profile of manpower)

B. Sustainability of the Project/program.

III. Date of Implementation

IV. Implementation Arrangement (Gantt Chart)

Project Implementation Plan	Month
