NextGen International Academy, Inc. (NextGen) is a non-stock and non-profit organization comprised of professionals, officially registered with the Securities and Exchange Commission (SEC). Our primary goal is to host academic competitions that promote educational excellence, critical thinking, and creativity of next generation of Filipino students.

To support this mission, NextGen has created special learning challenges in **Science, Mathematics** and **English**. To provide a more holistic educational experience, we have expanded our program to include specialized subjects such as **Basic Accounting** and the **Philippine Constitution**. We believe these challenges will enrich student learning, strengthen problem-solving skills, and encourage global competitiveness.

We also recognize that a student's primary focus should always be their classroom learning. Because of this, our programs are designed to be flexible and will not interrupt regular class schedules. Students can participate in these opportunities without falling behind in their schoolwork.

With this in mind, we are delighted to invite your region's outstanding learners to participate in the following competitions and development programs hosted by NextGen, Inc.:

Ongoing | Cycle 2
