2-Day National Comprehensive Science Research Training- Workshop Program For High School Students and Teachers

To: Regional Directors & Superintendents
Department of Education

Dear Sir/Madam,

Warm greetings!

We respectfully invite the Department of Education Philippines to extend this opportunity to schools, teachers, and students to participate in the **2-Day National Comprehensive Science Research Training-Workshop Program** to be held on **May 16–17, 2026 at DepEd NEAP, Marikina City.**

This program is designed to strengthen the research capabilities of both high school students and teachers, particularly for schools that are currently implementing or planning to establish research programs, science fairs, or STEM-based initiatives.

The training will be facilitated by experienced professionals and veteran research mentors with extensive backgrounds in research mentoring, science fair organization, and participation in local and international competitions. The program also integrates international research protocols and standards, ensuring participants are equipped to meet global expectations in scientific research.

Program Objectives

The training aims to:

- Develop a strong foundation in scientific research concepts and methodologies
- Equip participants with skills in research design, data analysis, and scientific writing
- Guide students and teachers in developing feasible and impactful research projects
- Introduce international research protocols, ethics, and compliance standards
- Prepare participants for participation in local, national, and international science fairs

Benefits to Participants

For Students:

- Enhance critical thinking, creativity, and problem-solving skills

- Gain hands-on experience in developing research proposals
- Build confidence in presenting scientific ideas
- Prepare for science competitions and future STEM careers

For Teachers:

- Strengthen capacity in mentoring and supervising student research
- Learn best practices in research instruction and project development
- Gain insights into international research standards and judging criteria
- Support the successful implementation of school-based research programs

For Schools:

- Establish or enhance a strong research culture
- Improve performance in science fairs and academic competitions
- Align research programs with global standards and best practices
- Build institutional capacity in STEM education and innovation

Program Highlights

- Hands-on workshops and guided mentoring
- Development of research topics and proposals
- Sessions on research ethics and international protocols
- Training on data analysis and research paper writing
- Proposal presentation with expert feedback

Target Participants

- High School Students (Grades 9–12)
- Science Teachers and Research Coordinators (Limited to 100 participants only)
- Schools establishing or strengthening research programs

In this regard, we humbly request your good office to disseminate this invitation to public and private schools and encourage participation from both students and educators who will greatly benefit from this initiative.

We believe that this program will significantly contribute to advancing research competency and fostering a culture of innovation among Filipino learners.

For registration and further inquiries, kindly contact us at your convenience.

Thank you very much for your continued support in promoting excellence in STEM education.

Respectfully yours,

April 15, 2026

To: **ALL SCHOOLS DIVISION SUPERINTENDENTS**

In view of this aforementioned activity, this Office reiterates that the participation of public and private schools is voluntary and shall be subjected to the non-disruption-of-class policy as stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith.
