WANDERING MINDS

INTERACTIVE MOBILE EXHIBITS

SPACE DOME | 3D EXPERIENCE |
JURASSIC ON WHEELS | WORLD OF AI

April 28, 2026

Dir. **BENJAMIN D. PARAGAS**
Regional Director
Regional Office No. 2, Regional Government Center,
Carig Sur, Tuguegarao City, Cagayan

Dear Dir. Paragas,

In light of the continued success and strong reception of our Science Mobile Exhibits during School Year 2025–2026, we respectfully seek the issuance of a DepEd Advisory for our co-curricular programs for **School Year 2026–2027**.

Wandering Minds remains committed to delivering innovative, curriculum-aligned learning experiences that spark curiosity, strengthen scientific understanding, and prepare learners for an increasingly technology-driven world. Building on our previous engagements, we are introducing an enhanced program that integrates **immersive environments, robotics, artificial intelligence, and environmental education**—creating a more holistic and future-ready STEM experience for Filipino learners.

Our program offerings for this school year include:

- 3D Science Experience with Wanderlab Science Show
- Space Dome Mobile Planetarium Experience (Enhanced)
- Jurassic On Wheels and the World of AI (Expanded with Robotics and AI Applications)
- Aquadome: An Immersive Journey into Aquatic Life and Environmental Stewardship

All programs are carefully designed to support the K–12 curriculum and are conducted in accordance with **DepEd Order No. 9, s. 2005**, ensuring educational value, safety, and accessibility for all participating schools.

We respectfully assure the Department that:

- Participation and financial contributions remain strictly voluntary;
- No student or school will be obligated or pressured to participate;
- Our programs are inclusive and structured to be accessible to learners from diverse backgrounds.

MEMORANDUM		Date: 5-5-2026	Released (Records): Buen
To: <input checked="" type="checkbox"/> PSDS/DICs	<input checked="" type="checkbox"/> Elem/Sec School Heads

May 4, 2026

To: **ALL SCHOOLS DIVISION SUPERINTENDENTS**

In view of this aforementioned activity, this Office reiterates that the participation of public and private schools is voluntary and shall be subjected to the non-disruption-of-class policy as stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therein.

BENJAMIN D. PARAGAS Ph.D., CESO III
Director IV/ Regional Director

3D SCIENCE EXPERIENCE WITH SCIENCE SHOW

Step into the Future of Science! Experience the Wandering Lab Science Show, dive into the world of 3D clips and technology, and explore hands-on learning with our Manipulative Exhibits. An exciting 3-part adventure designed to spark curiosity and creativity!

SPACE DOME MOBILE PLANETARIUM EXPERIENCE

Space Dome Mobile Planetarium Experience offers a unique opportunity to explore the wonders of the universe within the comfort of your own school! Our portable planetarium is equipped with a state-of-the-art projector and audio system that enables a memorable and realistic portrayal of the night sky, complete with stars, planets, and other celestial objects.

JURASSIC ON WHEELS AND WORLD OF AI

Jurassic on Wheels and the World of AI is a traveling exhibit that brings together the wonders of the past and the innovations of the future. Students will journey through time—from giant dinosaurs and ancient fossils to modern breakthroughs in artificial intelligence and robotics. This interactive experience encourages curiosity, imagination, and a deeper understanding of science, history, and technology.

AQUADOME AND ENVIRONMENTAL STEWARDSHIP

The AquaDome provides a structured, experiential approach to learning about ocean science and environmental conservation. Through guided activities, students examine marine life, ecological systems, and the importance of protecting our oceans.

PROGRAM DETAILS

Duration:

Approximately 2 hours per batch

Venue Requirements:

- One (1) well-ventilated classroom (50–80 students) for workshops and lectures
- One (1) Audio-Visual Room or equivalent space for the 3D Science Experience (equipment and 3D glasses provided)
- Covered court or large open space for Space Dome and Aquadome
- Reliable electrical outlets with sufficient power supply

Target Participants:

Programs are suitable for Preschool to Senior High School, with adaptable modules for college-level learners.

Our team of experienced educators and facilitators is dedicated to delivering engaging, high-quality content that bridges theory and real-world application. We work closely with schools to ensure seamless coordination and meaningful learning outcomes for every participant.

At its core, Wandering Minds is driven by the belief that science education should be **immersive, accessible, and transformative**. Through our programs, we aim to cultivate curiosity, critical thinking, and innovation—empowering students to become active contributors in shaping the future.

We would be honored to continue our partnership with the Department of Education in bringing these impactful learning experiences to schools nationwide.

Should you require further information or clarification, we would be glad to assist.

Thank you for your continued support.

Respectfully,

April Anne Lerit

Category	Activity	Description
3D Science Experience with Wander Lab Science Show	<ul style="list-style-type: none"> a. Philippines' Largest Mobile Van De Graaff Generator b. 3D Movie Clips in Digital Surround Sound using 3D eyeglasses c. 3D Lecture d. Over 20+ Science manipulative exhibits e. Wander Lab Science Show 	<p>A comprehensive science learning experience that combines immersive technology, live demonstrations, and hands-on laboratory activities. This program integrates visual learning with inquiry-based experimentation, allowing learners to explore scientific concepts, develop critical thinking skills, and engage in collaborative problem-solving. Designed to strengthen curiosity, creativity, and real-world application of STEM principles.</p>
Space Dome Mobile Planetarium Experience	<ul style="list-style-type: none"> a. Climate Change Education b. Planetarium and Astronomy Experience c. Why Mars & Astronaut Life d. Telescope lecture and object viewing e. World of AI Artificial Intelligence f. NEW: Robotics g. BONUS: Star Gazing (weather permitting) 	<p>A fully immersive planetarium experience that transforms any school into a gateway to the universe. Equipped with advanced projection and audio systems, the Space Dome enables learners to explore celestial bodies, space science, and environmental awareness in a realistic and engaging setting.</p>
Jurassic On Wheels and The World of AI	<ul style="list-style-type: none"> a. Dino Encounter and 3D Lecture b. Timeless Treasures and Inventions c. Jurassic Explorations d. World of AI -Artificial Intelligence e. NEW: Robotics 	<p>An interdisciplinary learning journey that connects the past, present, and future. Students explore prehistoric life, groundbreaking inventions and emerging technologies encouraging deeper understanding of science, innovation, and their real-world applications.</p>
Aquadome	<p>(Activities are to be launched in Quarter 1 of Fiscal Year 2026)</p>	<p>Offers an immersive journey into aquatic life and environmental stewardship.</p>

WANDERING MINDS

SCIENCE MOBILE EXHIBITS

COMPANY PROFILE

Our Vision: To inspire and educate the next generation through innovative and engaging science experiences, cultivating a lifelong passion for learning and a deep understanding of the world around them.

Our Mission: Our mission is to provide students of all ages with immersive, interactive, and educational science experiences. We aim to ignite curiosity, promote critical thinking, and equip young minds with the knowledge and skills needed to navigate and positively impact the ever-evolving world.

WANDERING MINDS PH

We believe that high-quality science education should be accessible to all students, regardless of their financial background.

Our programs are designed to be inclusive, with voluntary financial contributions ensuring that no student or school feels pressured or obligated to contribute.

We strive to make science education an exciting and enriching experience for every learner.

Join Wandering Minds Science Mobile Exhibit on a journey of discovery and learning, where science meets adventure, and curiosity leads to a brighter future.
