Subject: Updates on Khan Academy Implementation in DepEd Region II for End of Term 1 SY 2026–2027

Dear RD Paragas,

We hope this letter finds you well. We sincerely appreciate your region's continued support and commitment to improving learning through Khan Academy. As we conclude the first term of School Year 2026–2027, we are pleased to share an update on the progress of implementation in Region II.

We are delighted to share that **35 new schools** in your region have successfully passed the verification process and have been confirmed as Khan Academy implementing schools for this school year. The complete list of verified and non-qualified schools, together with the reasons for non-qualification, has been shared with your Regional Khan Academy Focal Person, Mr. Isagani Duruin. We usually give 5 training sessions (3 online and 2 face-to-face) for new implementing teachers. We conducted the First online session last August. Please reach out to me if you would like us to conduct the face-to-face training for your teachers.

We are also pleased to celebrate the continued progress of Region II's learners. Based on August 30 data, students achieved an average of **2.24 proficient skills** and **2.97 leveled-up skills**, a significant increase in last month's averages of 1.4 and 2.1, respectively. **Both indicators have surpassed the minimum target** of 2 skills, reflecting the strong momentum and growing impact of Khan Academy implementation across the region. Congratulations on this significant progress!

Regarding platform engagement, **65% of rostered students have spent less than one minute**, while only **21% have met the prescribed 30-minute minimum**. The list of schools with **no recorded activity** as of August 31, 2026 is attached for reference. We encourage teachers from these schools to attend the **Online Refresher Course on September 26, from 8:00 to 11:00 a.m.** via www.facebook.com/groups/continuingkaph2627.

The next table presents the student activation rate per SDO. We are especially pleased to share that the City of Ilagan has reached an impressive 96% student activation rate. We are also grateful to have conducted the teacher training in Batanes on September 9, marking an important milestone as **all SDOs in Region II now have schools implementing Khan Academy**. We look forward to seeing implementation continue to grow across the region, and we are confident that, through our collective efforts, all SDOs can reach 100% student activation, enabling more learners to benefit from meaningful learning opportunities through Khan Academy.
