ORLANDO E. MANUEL, PhD, CESO V
Superintendent
School Division of Nueva Vizcaya
Bayombong, Nueva Vizcaya

Dear Sir Manuel,

Warm greetings from PHINMA Araullo University!

Our north star has always been the students. With your continued support, we are able to celebrate their success and work hand in hand in helping them overcome challenges. As we welcome another school year, we remain true to our promise — #SasamahanKita — to support more students in building brighter futures through education.

As part of our continued partnership and commitment to supporting your students, we also hope to conduct the **PHINMAEd EduProfile Index** in your school. This is an onsite, no-cost assessment designed to help us better understand the academic preparedness, career aspirations, and educational needs of Grade 12 students as they prepare for college.

Through this activity, students may gain access to opportunities such as:

- Hawak Kamay Scholarships with no maintaining grade requirement
- Personalized coaching through the Kasama Support Hub
- Student trainings and workshops focused on confidence-building, purpose, career readiness, and resilience
- Career guidance and college readiness sessions
- Exclusive invitations to PHINMA AU programs and activities

Rest assured that all activities will be properly coordinated with your office and conducted without disrupting classes, academic activities, or regular school operations.

As one of our valued School's Division partner, your students will remain among our top priorities in the provision of scholarship opportunities, student support programs, and educational initiatives.

We believe that the mission of your school aligns with ours—to make lives better through education. Together, we can help more students overcome barriers, access quality education, and take the next step toward achieving their dreams.
