ORLANDO E. MANUEL
Schools Division Superintendent
Schools Division Office - Nueva Vizcaya
Bayombong, Nueva Vizcaya

Dear Dr. Manuel,

Good day!

In line with the Department of Education's commitment to enhance the resilience and quality of basic education through the New Strengthened Senior High School (SHS) Curriculum, and given the anticipated challenges of the **Super El Niño phenomenon** and potential disruptions to traditional classroom learning, Quipper Philippines Inc. is pleased to offer a **FREE Trial** of our **Online Learning Management System (LMS)**—a comprehensive platform designed to enhance daily classroom instruction while simultaneously preparing your schools for educational continuity during emergencies. This trial will include 1 school under the Schools Division Office -- Nueva Vizcaya with full access for teachers and students.

Strengthening Education Continuity During Emergencies

With weather patterns shifting and increased risk of class suspensions due to El Niño-related impacts (extreme heat, drought, water scarcity), schools face unprecedented challenges in maintaining educational continuity. This trial initiative addresses two critical priorities:

1) **Disaster Preparedness:** Equip your schools with a proven alternative delivery mechanism that ensures learning doesn't stop when emergencies force classroom closures.

2) **Education in Emergencies (EiE):** Provide students and teachers with seamless access to curriculum-aligned resources, real-time learning analytics, and interactive assessments during disruptions—fully aligned with the New Strengthened SHS Curriculum rollout for School Year 2026-2027.

Program Highlights

- Digitized Textbooks (E-books) — unlimited downloadable access for offline use during emergencies
- Auto-checked Assessments — real-time scoring with item-level analytics to monitor student progress anytime, anywhere
- Resilient Learning Management System — performance dashboards for teachers, department heads, and school leaders to track learning continuity
- Teacher's Guide, Lesson Slides, and Worksheets — ready-to-use, curriculum-mapped resources aligned with the New Strengthened SHS Curriculum
- Disaster Preparedness Training — onboarding and capacity-building for DepEd Officials, Teachers, and Students on using the platform during emergencies
- Monthly Usage & Annual Reports — data-driven planning for division and school leadership to assess learning resilience

Quipper Beyond Emergencies: Enhanced Learning for Regular Classes

Beyond disaster preparedness, Quipper serves as a powerful complement to traditional classroom instruction year-round, strengthening daily teaching and learning:

Regular Classroom Applications:

- Interactive Supplementary Learning: Teachers can assign pre-class readings, in-class activities, and post-class assessments to reinforce curriculum mastery and increase student engagement
- Differentiated Instruction: Real-time analytics help teachers identify struggling students and provide targeted interventions within the same lesson, supporting mixed-ability classrooms

• Student Engagement: Gamified assessments and interactive content increase student motivation and participation in daily lessons, leading to better learning outcomes

• Teacher Efficiency: Ready-to-use lesson materials, worksheets, and teaching guides reduce preparation time while maintaining curriculum alignment with the Strengthened SHS

• Parent Visibility: Guardians can track student progress and engagement through parent dashboards, supporting home-school collaboration and informed parenting

• Hybrid Flexibility: Seamlessly transition between in-person and online instruction without disrupting the learning experience, accommodating various teaching modalities

Proposed Next Steps

1. Courtesy meeting with the Schools Division Superintendent and curriculum leads to review the LMS platform and discuss both emergency preparedness and regular classroom integration
2. Disaster Preparedness Training and onboarding for school leaders, teachers, and students on using Quipper during emergencies and daily classroom instruction
3. Evaluation and Impact Assessment using Quipper's usage and performance reports to measure effectiveness in both emergency readiness and improved student learning outcomes

We believe that education is a fundamental right that should not be disrupted by emergencies—and that it should continuously improve every day. Quipper delivers both. We would greatly appreciate the opportunity to meet with you to discuss this initiative further and demonstrate how Quipper can strengthen your Division's resilience while enhancing your everyday teaching and learning. Please do not hesitate to contact me at the details below should you have any questions.

Thank you for your continued dedication to advancing resilient, engaging, and quality education in Nueva Vizcaya.

Kind Regards,

JEROME A. SEMPIO
